

Environmental Studies Association of Canada - Annual Conference 2019 - Main Conference
 [June 3 to Jun 5, University of British Columbia Point Grey Campus, Vancouver BC]

FINAL SCHEDULE OVERVIEW

All times are in PST.

'WB' indicates that the session will be broadcast digitally [see the digital program for a link to the web broadcast, and log-in information for this session]

'DP' indicates that one or more of the presentations in the session will occur digitally. For digital conference participants - see the digital program for a link and log-in information to watch this session online

	3-Jun		4-Jun		5-Jun		
8:00-9:00	ESAC 'Sign'in' Location: CHEM D300		Featured Talk: Carbon Pricing in the Canadian Federation [WB] Location: Nest 2601 Time: 8:30 to 10:00 PST		Session 13 Sustainable Agriculture Location: CHEM D300 Time: 8:30 to 10:00 PST	Session 14 Global Environment Case Studies A: REDD+ & Fossil Transitions Location: CHEM B150 Time: 8:30 to 10:00 PST	Open Event-Career Corner Green Academe: How can our carbon footprint-related actions in academia create meaningful change? Location: NEST 2306 Time: 8:30-10:00 PST
9:00-10:00	Conference Welcoming: Ryan Katz-Rosene [WB] Time: 8:30 to 9:00 PST Keynote by Hadi Dowlatabadi [WB] Location: CHEM D300 Time: 9:00 to 10:00 PST						
10:00-10:30	Break (Coffee and juices provided outside CHEM D300)		Break (Coffee and juices provided outside CHEM D300)		Break (Coffee and juices provided outside CHEM D300)		
10:30-12:00	Session 1 [WB, DP] Aquaculture, Marine Ecosystems & Environment Location: CHEM D300 Time: 10:30 to 12:00 PST	Session 2 Water Security & Marine Systems Management Location: CHEM B150 Time: 10:30 to 12:00 PST	Session 7 [WB, DP] Climate Change & Adaptation Location: CHEM D300 Time: 10:30 to 12:00 PST	Session 8 Developments in (and histories of) Eco-awareness & Environmental Knowledge A Location: CHEM B150 Time: 10:30 to 12:00 PST	Session 15 Developments in Environmental Studies & Science (and Its Implications) Location: CHEM D300	Session 16 Global Environment Case Studies B: REDD+ & Fossil Transitions Location: CHEM B150 Time: 10:30 to 12:00 PST	
12:00-1:30	AGM & Eco-Award Announcement (Lunch provided; WB) Location: CHEM D300 Time: 12:00 to 1:30 PST		Lunch Break (not provided) Time: 12:00 to 1:30 PST		Lunch Break (not provided) Time: 12:00 to 1:30 PST		
1:30-3:00	Session 3 [WB] Green Energy, Green Infrastructure & Transition Location: CHEM D300 Time: 1:30 to 3:30 PST	Session 4 Indigenous Environmental Governance & Reconciliation A Location: CHEM B150 Time: 1:30 to 3:30 PST	Session 9 [WB, DP] Metrics, Models & Methods in Environmental Studies Location: CHEM D300 Time: 1:30 to 3:00 PST	Session 10 Environmental Policy & Governance Debates Location: CHEM B150 Time: 1:30 to 3:00 PST	ESAC Annual Field Trip (Guided Tour on UBC Point Grey Campus) Location: Meet at CHEM D300 Time: 1:30 to 4:00 PST		
3:00-3:30	Fresh Air Break! (3:00 to 3:30 PST)		Fresh Air Break! (3:00 to 3:30 PST)				
3:30-5:00	Fresh Air Break! (3:30 to 4:00 PST)		Session 11 [WB, DP] Developments in (and histories of) Eco-awareness & Environmental Knowledge B Location: CHEM D300 Time: 3:30 to 5:00 PST	Session 12 Environmental Justice and Ethics Location: CHEM B150 Time: 3:30 to 5:00 PST	Fresh Air Break! (4:00 to 5:00 PST)		
5:00-6:00	Fresh Air Break! (5:30 to 6:00 PST)		Fresh Air Break! (5:00 to 5:30 PST)		CFHSS President's Reception. Hors d'ouvres provided by Congress (first drink included for all Congress participants) Location: Robert H. Lee Alumni Centre Time: 5:00 to 7:00 PST		
6:00-7:00	ESAC Wine and Cheese Reception (but first drink is on us! Ticket Bar) Location: ESB Café Time: 6:00 to 7:00 PST		ESAC Dinner Social (Banquet) (but first drink is on us! Ticket Bar) [Note: Participants can register and pay for the 'ESAC Banquet' through the Congress Registration System] Location: The Point, 2205 Lower Mall, Vancouver, BC Time: 5:30 to 7:00 PST				
7:00-9:00			Congress Open Event Beyond Climate: Science, storytelling and solutions Speakers: David Suzuki and Ian Mauro Location: FRWO 102 THEATRE Time: 7:00 to 9:00 PST				

2019 ESAC Annual Conference, Vancouver BC and Online
Main Conference Session Schedule
June 3 – 5

[SESSION 1] 10:30am – 12:00 PST, June 3, CHEM D300

Aquaculture, Marine Ecosystems, and Environment

Chairs: Garrett Richards & Ryan Katz–Rosene

- Choyon Saha – [GRENPELL] The emergence and evolution of transnational eco-certification in the aquaculture sector
Natalie Drope – Media representations and shellfish farmer perceptions of ocean acidification in the British Columbia shellfish aquaculture sector
Celeste Digiovanni – A systematic review of stress within the co-management of wild salmon stocks on the west coast of Vancouver Island.
Chelsea Dawn Boaler – Integrating knowledge types to better understand capelin dynamics in the Canadian North Atlantic

[SESSION 2] 10:30 – 12:00 PST, June 3, CHEM B150

Water Security and Marine Systems Management

Chair: Geo Takach

- Robert Case – Getting activism started: The founding of the wellington water watchers and the battle against water bottling
Mario Trono – Cine-Hydrology: Canadian water security and film essay advocacy

[SESSION 3] 1:30 – 3:30 PST, June 3, CHEM D300

Green Energy, Green Infrastructure, and Transition

Chair:

- Danielle Tessaro – Does environmental policy reproduce class-based inequality?: A case study of the Toronto Green Standard
Yui Omori – How can grey and green infrastructure jointly contribute to coastal infrastructure?
Anders Hayden – Sufficiency: A Missing Ingredient in Accelerating a Canadian Low-Carbon Transition?
Julia Szwarc – Preparing for Collapse: The New Survivalism

[SESSION 4] 1:30 – 3:30 PST, June 3, CHEM B150

Indigenous Environmental Governance & Reconciliation A

Chair: Scott Slocombe

- Graeme Reed – Approach to indigenous environmental governance?
Geo Takach – Towards interweaving environmental protection and indigenous reconciliation in Canada
Nancy Akwen – Relationship and environmental sustainability: Lessons from indigenous elders' knowledge and experiences
Keshab Thapa – Towards promoting land-based reconciliation in Manitoba: Do the provincial Crown Land Act and the Mines and Minerals Act align with the principles of the United Nations Declaration on the Rights of Indigenous Peoples?
Dena Farsad – Why does matter, matter? Implications of new materialist approaches to 'things' in planning theory (and practice).

[SESSION 5] 4:00 – 5:30 PST, June 3, CHEM D300

Local-Scale Management and Community Sustainability

Chair: Keshab Thapa

- Polly Knowlton Cockett – Biodiversity and ecological literacy: Building resilience through community engagement in the commons
Maria Spiliotopoulou – Community Sustainability through the lens of Community Productivity
Valentina Castillo – Local sustainability partnerships: What difference does the partnership design make for a partner's outcomes?

[SESSION 6] 4:00 – 5:30 PST, June 3, CHEM B150

Environmental Education & Eco-Awareness

Chair: Anderson Assuah

Miho Lowan-Trudeau – Exploring equitable access to natural spaces for children in Calgary Alberta

Raed Abu Hayyaneh – Historical review of environmental education in Jordan

Krystyna Henke – Assessing my contribution to environmental education: the effectiveness factor and hegemony

David Schmaus – A regenerative framework for polytechnic education

[SESSION 7] 10:30 – 12:00 PST, June 4, CHEM D300

Climate change and adaptation

Chairs: Garrett Richards and Ryan Katz-Rosene

Claudia Friedetzky – [GRENPELL] Climate Change adaptation of U.S. Estuaries: Are we making progress?

Kimberley Reeder – [GRENPELL] Leadership and mobilization for climate change adaptation in rural communities

Farzana Karim – [GRENPELL] Are second homes an issue of concern for municipal planning and climate change induced emergencies in Canada?

Kristof van Assche – Community capacity building for adaptation and strategy: Essential for sustainability and resilience

[SESSION 8] 10:30 – 12:00 PST, June 4, CHEM B150

Developments in (and histories of) eco-awareness and environmental knowledge A

Chair: Scott Slocombe

Christopher Burton – Aleksandr Bykhovskii and the Ecological Turn in Soviet Hygiene

Nathan Bennett – How do perceptions relate to support for conservation?: Perceptions of small-scale fishermen in marine protected areas in the Mediterranean Sea

Justine Backer – Learning for Sustainability: The Actions of Faith-Communities in Canada

Pamela Courtenay-Hall – Connecting to Whose Nature? Tensions between Nature Education and Settler-Indigenous Education

[SESSION 9] 1:30 – 3:00 PST, June 4, CHEM D300

Metrics, Models, and Methods in Environmental Studies

Chair: Maria Spiliotopoulou

Mary Thornbush – [DIGITAL] The ecological footprint as a sustainability metric

Kinley Gillette – Environmental ethics, meet modelling

Gui Sanches de Oliveira – Habit, health, and sustainability: a defence of pragmatist environmentalism

Yicong Luo – Comparing willingness-to-pay and willingness-to-accept approaches for valuing farmland conversion and protection in Alberta

[SESSION 10] 1:30 – 3:00 PST, June 4, CHEM B150

Environmental policy and governance debates

Chair: Dee Horne

Ryan Katz-Rosene – How do you solve a problem like CORSIA? The aviation sector's lofty dreams of a low carbon future

Hannah Barnard-Chumik – Trade-offs in environmental assessment

Anderson Assuah – Making connections between solid waste management and culture in two First Nations

Scott Slocombe – Exploring the history of planning and conservation concerns in British Columbia's Gulf Islands

[SESSION 11] 3:30 – 5:00 PST, June 4, CHEM D300

Developments in (and histories of) eco-awareness and environmental knowledge B

Chair: Marcellinus Essah

James Nugent – [DIGITAL] Using Sustainability Competencies for Program Development: Theory vs. Practice

Elaine Ho – A shared resource: Inclusivity, accessibility and collaboration in freshwater monitoring management

Victor Lam – Interconnectedness, justice, and reconciliation: How religious environmental organizations construct and tailor climate change messaging to religious audiences in the trans-mountain pipeline expansion resistance, in Vancouver, Canada

[SESSION 12] 3:30 – 5:00 PST, June 4, CHEM B150

Environmental Justice and Ethics

Chair: Valentina Castillo

Dee Horne – Mary Oliver's ethic of interrelatedness

Runa Das – Quantifying energy poverty in Canada

Warren Heiti – Two Forms of Ethical Attention: Weil and Zwicky on Relations and Particulars

[SESSION 13] 8:30 – 10:00 PST, June 5, CHEM D300

Sustainable Agriculture

Chair: Robert Case

Jaana Sorvali – Farmers' climate change discourses – reflections for success of climate policy

Kumari Kamala Chand – Farmers' perceptions and knowledge of using waste and wastewater in two peri-urban areas of Kathmandu valley of Nepal

Binod Adhikari – Agricultural innovation in Himalaya: Understanding local-level dynamics in response to climatic and non-climatic uncertainties

Angela Culham – Rural land management in the aftermath of flooding: Lessons from rural Saskatchewan

[SESSION 14] 8:30 – 10:00 PST, June 5, CHEM B150

Global Environment Case Studies A: REDD+ & Fossil Transitions

Chair:

Lissel Hernandez Gongora – Using Polycentric Governance as a framework to assess the effectiveness of REDD+ implementation in Mexico. The Case of the State of Quintana Roo

Ana Watson – Natural gas and indigenous response in upper Amazonia: A history of Peru's Camisea

Kayla Greenberg – China's ongoing transformation from dirty energy to green energy

[SESSION 15] 10:30 – 12:00 PST, June 5, CHEM D300

Developments in Environmental Studies & Science (and Its Implications)

Chair:

Isabella Boushey – Current and potential rates of carbon sequestration on forested properties at McGill University

Mishka Lysack – Best policy practices in UK and Germany for effective climate action, tracking progress, accountability and transparency

Marcellinus Essah – Re-examining sustainability/sustainable development in mining

[SESSION 16] 10:30 – 12:00 PST, June 5, CHEM B150

Global Environment Case Studies B: Climate Action and Transition

Chair: Valentina Castillo

Soyun Kang – For whom is Garuda over the Java sea made? - Strayed climate justice in Jakarta

Maryam Hajizarghani & Enrica Dall'Ara – Transforming post-industrial sites into public parks: preserving aesthetic heritage

Rocío López de la Lama – Exploring the building blocks of social capital in the Sechura Bay (Peru): Insights from Peruvian scallop (*Argopecten purpuratus*) aquaculture

Nayadeth Arriagada – Socio-environmental uncertainty and the (in) capacity to adapt: the case of the red tide/salmon farming crisis in Chiloé Island (Chile)

Environmental Studies Association of Canada - Annual Conference 2019 - Satellite Conference

[June 3 to Jun 4, Memorial University of Newfoundland Grenfell Campus, Corner Brook NL]

FINAL SCHEDULE OVERVIEW

All times on LEFT COLUMN are in NDT.

'WB' indicates that the session will be broadcast to digital participants on-line [see the digital program for a link to the web broadcast, and log-in information for this session]

'DP' indicates that one or more of the presentations in the session will occur digitally. For digital conference participants - see the digital program for a link and log-in information to watch this session online

8:30-10:00		4-Jun Grenfell Location Field Trip (bag breakfast provided) [8:30-10:00 NDT] TBA
10:00-10:30		
10:30-12:00		Session X Sustainability Issues in Newfoundland and Labrador [10:30-12:00 NDT] Location: FC 3019
12:00-1:00	3-Jun Registration and Light Lunch [12:30-1:00 NDT, Location: FC 3019]	Lunch Break [12:00-1:00 NDT]
1:00-2:30	Conference Welcoming: Ryan Katz-Rosene [WB, DP] [8:30 -9:00 PST] Keynote by Hadi Dowlatabadi [WB, DP] [9:00-10:00 PST] Location: FC 3019	Featured Talk: Carbon Pricing in the Canadian Federation [WB, DP] [8:30-10:00 PST] Location: FC 3019
2:30-3:00	Fresh Air Break!	Fresh Air Break!
3:00-4:30	Session 1 [WB, DP] Aquaculture, Marine Ecosystems & Environment [10:30 - 12:00 PST] Location: FC 3019	Session 7 [WB, DP] Climate Change & Adaptation [10:30 - 12:00 PST] Location: FC 3019
4:30-6:30	ESAC Grenfell Location "Wine" and Cheese Reception/Dinner [WB, DP] (joint with the Vancouver AGM) [12:00-1:30 PST] Location: FC 3019	Dinner at local restaurant (optional-not covered by conference fee)

2019 ESAC Annual Conference, Corner Brook NL
Satellite Conference Session Schedule
June 3 – 4

[Session 1] 3:00 - 4:30 NDT, June 3, Room FC 3019

Aquaculture, Marine Ecosystems, and Environment

Chairs: Garrett Richards and Ryan Katz-Rozene

- Choyon Saha – The emergence and evolution of transnational eco-certification in the aquaculture sector
- Natalie Drope – [VANCOUVER] Media representations and shellfish farmer perceptions of ocean acidification in the British Columbia shellfish aquaculture sector
- Celeste Digiovanni – [VANCOUVER] A systematic review of stress within the co-management of wild salmon stocks on the west coast of Vancouver Island.
- Chelsea Dawn Boaler – [VANCOUVER] Integrating knowledge types to better understand capelin dynamics in the Canadian North Atlantic

[Session X] 10:30 - 12:00 NDT, June 4, Room FC 3019

Sustainability Issues in Newfoundland and Labrador

Chair: Garrett Richards

- Allison Groenen – Using waste products and fungi as a resource to remediate contaminated soils and benefit the economy and environment of Newfoundland
- Rebecca LeDrew – Closing the loop between past and present: Exploring the possibilities for a rural circular economy in Newfoundland

[Session 7] 3:00 - 4:30 NDT, June 4, Room FC 3019

Climate Change and Adaptation

Chair: Garrett Richards and Ryan Katz-Rosene

- Claudia Friedetzky – Climate Change adaptation of U.S. Estuaries: Are we making progress?
- Kimberley Reeder – Leadership and mobilization for climate change adaptation in rural communities
- Farzana Karim – Are second homes an issue of concern for municipal planning and climate change induced emergencies in Canada?
- Kristof van Assche – [VANCOUVER] Community capacity building for adaptation and strategy: Essential for sustainability and resilience
